---

Greetings abstractors and QRO contacts,

Training Session

The weather didn't do us any favors, so apologies if it caused you any hardships. If you do not have a training binder and would like one, I will be making the electronic version of the binder available on the GPRO section of the POM ACO website (www.pom-aco.com). The binder in total is large—much too large to email—so I separated them out into different files.

Attached is the spreadsheet file for all abstractors. As was discussed at Tuesday's session, the sheet includes all of the medication, diagnosis, etc. information in a "cheat sheet" format. Also, please know Cana, who authored the spreadsheet, left everything in the spreadsheet file to facilitate their making changes to suit your own needs.

Maintenance Windows

Next week the GPRO WI tool opens on Tuesday, January 17th. In the attached Spotlight (that is highlighted with the items of interest for GPRO), note that the WI has weekly scheduled maintenance windows on the following:

- EVERY Tuesday and Thursday night: from 8:00 PM to 6:00 AM the next day.

Also, there are weekend-long maintenance windows on the following two weekends.

- January 20, 2017, 8:00 PM – January 23, 2017, 6:00 AM
- February 24, 2017, 8:00 PM – February 27, 2017, 6:00 AM

Please be mindful of this as you work into the evening hours on those days.

Assistance

Please contact me for any issues you may have or items that you think should be shared.

- Email: malayang@med.umich.edu
- Office: 734-232-1478

- Mobile: 734-678-7185 (Please do not use the number with a typo in it that I sent in a previous email, as that owner's name is Kurt and is very unpleasant.)

Thanks!

James Malayang
