Subject: FW: Web Interface Kick-Off Webinar Part II - A1297
Date: Tuesday, December 20, 2016 11:54:00 AM

Hello GPRO abstractors and QRO contacts,

I just received this email notice from CMS concerning rescheduling the December 15th GPRO Web Interface Kick-Off Webinar that was plagued with technical issues. The information is below and I'll be sending you an Outlook meeting invite with all the login details.

Please let me know if you have any questions or comments.

Thanks.

James Malayang
Senior Project Manager

Subject: Web Interface Kick-Off Webinar Part II - A1297

We would like to apologize for the technical difficulties experienced during the 12/15/2016 Web Interface support call, and invite you to join the follow-up 2016 Web Interface Kick-Off Part II to be held on Wednesday, December 21, 2016 from 3:00-4:00 PM ET. Below you will find instructions for accessing and logging in to this support call, as well as the topics to be covered during this support call.

About the Webinar

The support call on December 21, 2016 will be hosted via Cisco WebEx, in which the audio and visuals for this session will be presented through the WebEx platform. If you are new to WebEx, please view the Join an Event portion of the Getting Started with Event Center Guide <http://www.webex.com/support/getting-started.html> or the Joining Meetings FAQs https://signin.webex.com/collabs/support/nfaqs?iframe=/webex/v1.3/support/en_US/faq/faq_meetings_signed_out.htm. Upon clicking the link to join the webinar, your computer system will be tested automatically for compatibility. Please note that depending on your organizational policies, you may need the assistance of your IT staff to correctly install and run WebEx. You may see a dialog box asking to confirm the application's digital signature the first time you join the webinar, please click "RUN" to continue.

Limited Phone Lines

Due to the limited availability of telephone lines for the support call, we strongly encourage you to use the WebEx URL provided to access the webinar on the day of the support call. The WebEx link will allow you to connect to the webinar for both audio and visual purposes.

If you are unable to join the support call via the telephone call-in provided below due to the phone lines reaching capacity, you will need to join the support call using the WebEx URL.

Question and Answer Sessions

This support call will provide a question and answer (Q&A) session, in which organizations can ask CMS and contractor subject matter experts questions related to the following topics:

- * XML for the Web Interface
- * Assignment and Sampling
- * Web Interface Resources
- * Where to go for help

Questions regarding these topics will be answered verbally during the session. Attendees are encouraged to submit questions to the QualityNet Help Desk <https://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/PQRS/HelpDeskSupport.html> in order to receive a written resolution.

2016 GPRO Web Interface Support Call Log-in Information

Below is the log-in and call-in information for the December 21, 2016 Web Interface Support Call. Materials presented during the support call will be distributed prior to the support call.
