Subject: POM ACO GPRO Coordination Kickoff Message
Date: Tuesday, November 01, 2016 6:15:33 PM

Greetings POM ACO GPRO abstractors and QRO contacts,

This email signals the beginning of Group Practice Reporting Option (GPRO) for the 2016 Performance Year, which runs from today, November 2016, until the end of March 2017. Like most things POM ACO, GPRO submission is complex and consists of a various moving parts, including CMS, ACO, QRO, and TIN needs and schedules. This email is meant to inform you of initial project information such as dates, location of the project repository, list of the abstractors and their QRO affiliation.

This kickoff message is addressed to the POM ACO Abstractors and their QRO Contacts, as well as the Finance Committee. Below is a list of communication touchpoints and who the recipients will be for that communication. If you would like to be included in any of the communication message, let me know and I'll add you to that group.

- General updates, such as key milestones updates and status reports: POM ACO Monthly Newsletter
- Status reports, such as milestone updates and issues: QRO Contacts and Abstractor
- Abstractor updates, such as reminders and information sharing: Abstractors

Note that immediately after this email and abstractor update email will be sent out.

If you have any comments or questions, please feel free to contact me.

Thanks.

James Malayang
